

## **Local Business Service**

NationsLine offers an expanded product line capable of fulfilling all of your business needs. NationsLine owns and operates state-of-the-art Lucent, Adtran, Cisco, and Tekelec Class 5 Switching equipment allowing us to offer you the best commercial products available. Our Network Operations Center (NOC) provides 24/7/365 monitoring and guarantees delivery of your mission critical telecommunications requirements.

*Local Service:* NationsLine offers easy to understand traditional voice service over your existing copper lines that include local calling, regional calling and features at one low cost. Whether you need 1 or 100 local business lines, NationsLine is committed to creating a local service plan to meet your needs.

*Primary Rate Interface (PRI):* NationsLine's PRIs provide digital transmission of voice service allowing customers to originate and terminate local and long distance calls on just one T1 circuit. NationsLine PRI circuits integrate with any PBX and provide the bandwidth and connectivity your business needs.

*Integrated T1 Service:* Integrated T1 is an enhanced service enabling you to combine local, long distance and Internet service on one digital circuit. NationsLine's integrated T1 service is a highly flexible circuit designed for businesses that need to run multiple services over the same line.

*DID Trunks (Direct Inward Dialing):* Save money by allowing NationsLine to provide a custom block of numbers to fit your voice and fax requirements, eliminating the need for attendant services.

*DOD Trunks (Direct Outward Dialing):* Connects you directly to the NationsLine network allowing for ease of use and least cost routing when making outbound calls.

*Two-Way Trunks:* Two-Way Trunks carry both incoming and outgoing calls. Combining trunk groups for both DID and DOD services allows you to maximize your network utilization.

NationsLine is committed to providing your business a complete and customized voice solution at significant savings regardless of the size of your business.
